YOUNG DESIGNER AWARD FOR BATHROOMS

Age 25 and under

Winner **Lindsay Merchant** · Sarah Ireland Bathrooms

This award rewards designers under the age of 25 for showing their existing skills and future promise in aesthetic results, but also their use of budget and problem solving.

The customer cloakroom in the Sarah Ireland showroom is a big responsibility as your first major job, but Lindsay has done a superb job of demonstrating to potential clients just what can be achieved with a bit

of imagination. It's a compact room but Lindsay has created an open feeling using curves and bends to give an organic feel. A confident approach that makes Lindsay a talent to watch out for in the future.

Judges' comments

"Lindsay has thought in 3D right from the first designs - she changed the shape of the room totally. The lighting changes the whole atmosphere and the reflective tiles give it a living feel. She was true to her ideas and came up with a lot of aspects that really impress beyond her age and experience."

Finalists

Kerr Drummond,

"Great use of the space and well chosen products make Leanna's design stand out. It's deceptively mature for someone so young and shows real promise for what she can achieve in the future."
